

Quick Guide: Get Music For Airplay From Amrap's Airt At www.airit.org.au

1. Login or recover your password.
2. Click a category for your favourite music.
3. Click the music icon  to hear the track. Click the artist name if you'd like more info.
4. Click **CD order** to create a compilation CD that we post to you or click **Download order** for instant download.
5. Click 'View Playlist & Order' and then click the **Checkout** button to receive tracks and artist biographies.

The screenshot shows the website's layout with five red boxes and numbers indicating key steps:

- 1**: Points to the 'Username or email' input field in the 'Radio login' section.
- 2**: Points to the 'Charts' category in the 'Categories' sidebar.
- 3**: Points to the music icon next to the 'Home' track listing.
- 4**: Points to the 'CD order' button for the 'Let It Go' track.
- 5**: Points to the 'View Playlist & Order' link in the 'Your Playlist' section.

The main content area displays a list of tracks with details and ordering options:

- Troy Cassar-Daley - Home** (Country, Australian Indigenous): Includes a bio and a 'See details' link.
- Sietta - Let It Go** (Electronic, Atmospheric): Includes a bio and a 'See details' link.
- Grinderman - Palaces of Montezuma** (Rock): Includes a bio and a 'See details' link.
- Boy and Bear - Harlequin Dream** (Rock): Includes a bio and a 'See details' link.
- The Cat Empire - Steal The Light** (Pop, Roots, Jazz, Funk): Includes a bio and a 'See details' link.

Each track listing includes a music icon, the track name, genre, a description, and buttons for 'CD order', 'Download order', and 'Suggest to broadcaster'.
